FACILITY LOCATION: Foot of Parr Boulevard
Richmond, CA 94801

**SOLID WASTE FACILITY
PERMIT NUMBER:** 07-AA-0044

FACILITY CONTACT: Kenneth Anthony

DATE OF SUBMITTAL: May 25, 2018

DATE OF APPROVAL: September 5, 2018

LEA CONTACT: Eric Fung, Environmental Health Specialist II
(925) 692-2538

The Contra Costa Environmental Health Division of the Contra Costa County Health Services Department, acting as the Local Enforcement Agency (LEA), is certified by the California Department of Resources, Recycling and Recovery (CalRecycle) to enforce state laws and regulations at solid waste sites within its jurisdiction. The West Contra Costa Sanitary Landfill Organic Materials Processing Facility ("Facility") operates under Solid Waste Facility Permit No. 07-AA-0044, issued by the LEA on May 26, 2010. On May 25, 2018, the LEA received an application from the Facility operator for an amendment to the Report of Compost Site Information (RCSI). The RCSI, a document that describes the design and operation of a solid waste facility, is a required component of an application for a solid waste facility permit.

As required by Section 21660.1 of Title 27 of the California Code of Regulations, the LEA is distributing this notice for the purpose of noticing its approval of an amendment to the RCSI for the Facility.

Description of Proposed Changes

Due to changes in the Facility's processes, and adjustments to operations in response to regulatory and public concern; it was determined that amendments to the Facility's RCSI were required. Most significant are adjustments in response to operations having shifted from a windrow compost operation to a CASP system and the logistics need to operate the facility in compliance with State Minimum Standards. Other changes include correction of typographic errors, deletion of old historical text, updating contact information, and deletion of references to old sections of code that have been deleted and no longer exist.

LEA Determination

The LEA has determined that the proposed changes are acceptable and consistent with the applicable State Minimum Standards, and do not conflict with the terms and conditions of the Solid Waste Facility Permit. The LEA finds that the proposed change(s) are consistent with all applicable certified and/or adopted CEQA documents in that no subsequent EIR or Negative Declaration or supplemental EIR is warranted. Pursuant to Section 21665(c) of Title 27 of the California Code of Regulations, the LEA approved the RFI amendments on September 5, 2018.

Additional Information

Additional information regarding the approved application is available for public review Monday through Friday, by appointment, during business hours 7:30 a.m. to 4:30 p.m. The LEA office is located at 2120 Diamond Blvd, Suite 200, Concord, California 94520.

LEA Contact Information

If you have any questions after reviewing the above information or would like to schedule an appointment to review the RCSI Amendment package, please contact Eric Fung, Environmental Health Specialist II, at (925) 692-2538 or by email at eric.fung@dhs.cccounty.us.

Operator Contact Information

The Facility operator, West Contra Costa Sanitary Landfill, Inc., may be contacted by calling Kenneth Anthony at (408) 586-2313 or emailing him at kanthony@publicservices.com.

Appeal Process Information

The LEA's approval of the RCSI Amendment may be appealed pursuant to Public Resources Code section 44307. The appeals process may be initiated by completing and timely filing a "Request for a Hearing" form. This form may be obtained by contacting the LEA office at (925) 692-2500 or online at <http://www.calrecycle.ca.gov/LEA/forms/Enforcement/CalRecycle218.pdf>
